Sheriff Gonzales III Announces Results of Multiple Bernalillo County Sheriff's Office Operations

The Bernalillo County Sheriff's Office conducted two proactive operations this last week. One operation was conducted on Thursday, January 23, 2020, and was in conjunction with multiple federal agencies with the area of focus being in southeast Albuquerque. The second operation was conducted on Sunday, January 26, 2020, by the Bernalillo County G.R.I.P. Unit with the area of focus being southwest Albuquerque. The South Valley Coalition of Neighborhood Associations had expressed concerns leading up to this operation. Both operations were very successful.
